Top 50 Vietnamese Leading **Animal Feed** **Raw Ingredients** Trading Company

VISION

Vietnam is one of the countries that have developed strong and sustainable agriculture, which is the country with the largest agricultural and processed food in the world. Catching that opportunity, Tan Hui Qui has set goals to become the top company in the leading animal feed in Vietnam.

MISSION

Supplying quality and safe animal feed ingredients at competitive prices to factories and livestock farms at reasonable prices. Becoming a trading bridge in the field of animal feed, contributing to the development of Vietnam's agriculture and bringing quality products to the customers.

Thanking message!

First of all, Tan Hui Qui Trading and Service Co., Ltd would like to express our sincere and deep thanks to our valued customers and partners who have always given Tan Hui Qui the attention and effective cooperation. That has made an important contribution to the fast and sustainable development of Tan Hui Qui so far.

Through more than 11 years of development, each cooperation that the Company has received from customers and partners has always been a great motivation for our company to develop further in the future. In order to promote the achieved achievements, the Director Board and employees of Tan Hui Qui Company are determined to strive to make the Company a leading company in the field of trading in animal feed ingredients in the Vietnam market.

Wishing to our customers and partners health, happiness and success!
Best regards,

Hoàng Ngọc Trí Thuê
Director & Founder

“

The unity
is victory

The strength of the team is the strength of
the individual. The strength of the individual
is the strength of the team

Animal Feed Products

The quality of raw materials is always the top factor to ensure the development of livestock, economic value, and growth value of the industry. Therefore, **Tan Huu Qai** always ensures to supply enough goods with guaranteed quality through the selection of leading domestic and international distributors.

Feed Barley

Vital Wheat Gluten

Rice Paper Crumbs

De-Oiled Rice Bran

DDGS

Soybeans

Soybean Meal

Porcine Meat and Bone Meal

Copra Expeller

Feed Wheat

In addition to providing nutritious ingredients such as protein, starch, slime, mineral salts, vitamins, wheat also contains a high concentration of enzymes such as Amylase, Protein hydrolysate, oxidizing enzyme, Lipoxg, Lipase. Very good for the growth of animals.

Wheat Bran

Wheat bran is an important source of energy in animal and aquaculture feeds. In addition to providing energy and protein for livestock, the high neutral fiber (NDF) content of wheat bran (32%) also has a very good effect on the digestion of animal feed.

Palm Kernel Expeller

Palm residue is one of the input materials to produce high quality natural protein animal feed containing about 8-10% fat, 16-18% protein, the advantage of using palm residue is safety, completely and not acidified.

Feed Additive Products

Feed additive is a substance with no nutritional value added to feed during processing or the pond environment for the purposes of: preserving feed, improving the digestibility of feed for animals, or improve certain properties of the feed. Some animal feed additives such as: mycotoxin adjuvants, binders, coloring agents, flavoring agents.

Protam

Soytide

Aquatide

Dicalcium Phosphate

MCP
(Monocalcium Phosphate)

Methionine

Lysine

Threonine

Molasses

Ajitein

This is considered a source of yeast protein that can replace fish meal, protein substitute for blood meal, protein to replace meat and bone meal with high economic efficiency.

FML - Đam nấm
men dạng lỏng

Sewon Protam (Single Cell Protein) is a high quality yeast protein product. With high protein characteristics, easy to digest and absorb, fragrant, rich in amino acids.

Mix-Alive

Herbal substitutes for antibiotics are products obtained after fermenting garlic, leeks, onions, shallots, shallots, etc., and many herbs belonging to the onion family.

Quality Policy

The quality of raw ingredients is always the most important factor to ensure the development of livestock, bring economic value and stable growth of the industry. Therefore, Tan Huu Qui always focuses on ensuring the supply of goods of satisfactory quality through the selection of distribution by reputable domestic and international suppliers.

Why choose Tan Huu Qui as a strategic & exclusive distribution partner?

Prestige in transactions, annual sales growth, experienced staff and understanding of the coordination process are the outstanding differences of Tan Huu Qui compared to the rest of the market.

- Always ensure payment on time as agreed, receive goods within the committed time.
- The staffs are well trained, knowledgeable, know the process and always maintain a professional attitude when working.
- The company always ensures efficiency in sales growth, the next year is always higher than the previous year, ensuring stable development.

Typical customers
